

Dear Head Teacher

Please find below the dates that we have provisionally scheduled to visit your school to deliver the childhood immunisation programme.

We hope that by giving advance notice you will be able to put these dates into your school schedule. If these dates are not suitable please contact the team on 0300 303 1630 or hdfc.immunisationteam@nhs.net.

As per my previous email we are now using online consent for parent consent and therefore no paper consents will be delivered to school. This information to forward to parents will be sent in a separate email.
